4:06 The Sunday Feature: The Reith Lectures with Stephen Hawking

Black Holes Ain't As Black As They are painted

The Cambridge cosmologist Professor Stephen Hawking delivers the second of his BBC Reith Lectures on black holes. Professor Hawking examines scientific thinking about black holes and challenges the idea that all matter and information is destroyed irretrievably within them. He explains his own hypothesis that black holes may emit a form of radiation, now known as Hawking Radiation. (BBC World Service)

5:00 The World at Five

A roundup of today's news and sport

5:11 Heart and Soul (BBC)

Religion in Silicon Valley

Peter Bowes explores how traditional faiths co-exist with the all-consuming worlds of the tech companies - many of which have their own philosophies, cultures and belief systems.
